I am an eager software developer who takes pride in their work and it shows in the quality I deliver. I like to manage my own services (websites, databases, caching, mail) and have written some CI/CD scripts in various environments (GitHub, GitLab, Jenkins, OneDev). One of my strengths is my ability to remain calm and composed but I also have the downside of being a perfectionist.

Experience

Mniz – Java Plugin Developer

February 2025 -

Making plugins in a largely single threaded environment (performance constrained) utilizing NMS and Bukkit APIs.

CubicXP – Developer and System Administrator

July 2021 -

Maintained the services (upgraded software & dependencies, made patches) with an uptime of 99%. Created custom tooling (in Golang) and services (in Java) as needed.

NexusNode – Minecraft Plugin Developer

February 2024 – October 2024

Created plugins for their Minecraft Server (Crafting Dead) in Java and Kotlin.

Education

Applied Science/Advanced Computer Programming Certificate

Technical College of the Lowcountry

May 2024 – May 2025

This program expanded my existing knowledge of languages like Java, PHP, SQL, HTML, CSS, JavaScript and Python but also taught me some new languages such as C++.

Maintained a 4.0 GPA – Verification: <https://www.parchment.com/u/s/LNyw>

High School Diploma

Scotia-Glenville Senior High School

September 2018 – June 2022

Cisco Networking Academy – IT Essentials

June 2021 to June 2022
